Change in Leadership

A Letter to All Members of the BCSSA

When I joined the Board of BCSSA in 2012, it was full steam ahead working to learn about the organization, our members and be abreast of our challenges.

It has been truly a pleasure to get to know you and your families. The BCSSA has a great history, wonderful athletes from learn to skate to multiple Olympic medalists. We have a long list of very dedicated volunteers, coaches and officials and I commend each one of you who with passion offer your time to participate in this sport. Many of you long past when your children have stopped skating and themselves have started giving back.

I recently provided my resignation to both the Board and our Executive Director effective December 15th. Over these next 5+ weeks I will work with both Kari Rae (Vice President) and Misty Thomas in transitioning my role to Kari.

We have accomplished much but as a smaller sport our geographic distances, financial limitations and our growth will continue to challenge us. Where no one can challenge us is in our membership's dedication and passion for the sport of speed skating.

I believe that Kari, the BCSSA Board, Misty, staff and you our membership can take the British Columbia Speed Skating Association to the next level.

Thank you to all our membership for your support over these years. Lastly thank you to both our past and current staff for all your support. I will always remember and appreciate how everyone welcomed me into the fastest sport on ice.

Thank you

Sincerely

Dave McQuaid
President
